Attached please find a very rough draft of an agreement to extend the R & R contract. What I did was define the services in Exhibit A and the Fee and expenses in Exhibit B. This way it is simpler to modify in the future. Also please note we will let the business people draft that portion of the Agreement.

This is simply a draft for discussion purposes. call it the "ABC Agreement".

Lets get the legal aspects done then we can get the business people to draft the other part later. This is coming up in about two months.
